MEMBERSHIP & FEES

We believe every child deserves the opportunity to experience the joy, confidence and creativity that the performing arts can bring. We're committed to providing high-quality training in a welcoming and supportive environment, while keeping our classes as accessible and affordable as possible for families.

Simple Monthly Membership

Our classes take place over 36 teaching weeks each year, following the school calendar as closely as possible. As you'll know, some school terms are longer than others, which can make paying by the term a little confusing. Instead, we've chosen to spread the cost across 12 equal monthly membership payments, so you'll pay the same amount each month, regardless of how many teaching weeks fall within that particular term.

This makes budgeting easier for families while also allowing us to plan performances, invest in resources, support our wonderful teaching team and continue creating exciting opportunities for every student throughout the year.

Family & Multi-Class Discounts

Whether your child wants to try more than one discipline or you have several children learning with us, we want to make that as affordable as possible. That's why we're delighted to offer the following discounts across all classes booked within the same family:

- First weekly class: Full price
- Second weekly class: 10% discount
- Third, fourth and every additional weekly class: 20% discount

Whether one student attends several classes or siblings attend different classes, the discount is automatically applied across your family's weekly timetable.

If Your Plans Change

We understand that circumstances sometimes change, and if you ever decide that it's time to move on, we simply ask for one month's notice before your next payment is due, so we have time to update our registers, contact any families on our waiting lists and ensure classes continue to run smoothly for everyone.

Above all, we want your time with ARTheatre Arts to be a positive experience, and we'll always do our best to make any changes as straightforward as possible.

CLASS DESCRIPTIONS

ARTS SATURDAYS

Our Saturday Musical Theatre Programme is designed to grow with every student, providing a clear progression pathway from first stepping onto the stage through to advanced performance training. Open to all abilities, our classes combine singing, acting and dance in a welcoming, inclusive environment where every child is encouraged to develop at their own pace. Through creative teaching, exciting challenges and plenty of fun, students build confidence, make lasting friendships and develop strong performance skills without even realising they're learning! Throughout the year, every class works towards exciting productions and showcases, giving students regular opportunities to perform on stage and celebrate everything they have achieved. As they grow in age, confidence and experience, students progress through the classes, with each stage introducing new techniques, greater challenges and increasingly ambitious performance opportunities. Whether it's a student's very first class or they're preparing for leading roles in our productions, there's a place for everyone to belong, grow and develop both as a performer and a person.

DANCE HUB

Develop industry-standard Jazz, Tap and Ballet technique through structured classes featuring technical exercises, across-the-floor work, flexibility, choreography and performance skills. Ideal for aspiring performers wanting to build the strength, versatility and confidence expected within the Musical Theatre industry. These classes are designed to develop industry-standard technique, with styles rotating throughout the term. Each session focuses on strong technical foundations, performance quality, musicality, flexibility and professional routines inspired by the Musical Theatre industry. Whether you're preparing for auditions, working towards vocational training or looking to refine your skills, these classes will challenge and inspire you.

MT SKILL

Musical Theatre Skill is a focused training class for students who are passionate about taking their performance abilities to the next level. Working in a smaller group, students receive dedicated coaching in singing, dance and musical theatre performance, allowing more time for individual feedback and technical development. Classes focus on building strong foundations, improving confidence and developing the versatility needed to become a well-rounded performer, all within a supportive and encouraging environment.

MT PRO

MT Pro is our flagship performance group, designed for older students who are ready to challenge themselves and work at an advanced level. This elite class provides intensive training in singing, acting and dance while exploring more complex and demanding musical theatre repertoire. Students will rehearse and perform high-quality, in-house productions that mirror professional rehearsal processes, encouraging artistic excellence, collaboration and commitment. Ideal for those considering further training or a career in the performing arts, MT Pro offers a supportive yet ambitious environment where talented performers can continue to refine their skills and push their creative boundaries.

MUSIC THEORY

A new opportunity to gain an understanding of music theory, supporting anyone who is learning an instrument, studying music, or would like to be able to learn harmonies from notation.

EXAM CLASS

An exam preparation class for those taking an LCM Musical Theatre Exam in the term to work on their programme, monologue and overall performance skills, as well as enjoying the camaraderie that can come from being with other students also taking exams!

ACTING STUDIO

A focused class for students who want to develop their acting skills in greater depth. Working with original plays and scripts, students will explore character development, storytelling, movement, voice, improvisation and a range of professional acting techniques. Through practical workshops and performance projects, they will build confidence, creativity and the skills needed to create truthful, engaging performances both on stage and beyond.

AERIAL DISCOVER

Perfect for beginners or those new to aerial arts. In this level, you'll build confidence, learn essential safety techniques and develop the foundations of aerial hoop and silks. Together we'll focus on strength, balance and the core skills needed to begin your aerial journey.

AERIAL DEVELOP

Designed for students who have mastered the basics and are ready to progress. You'll build on your strength and technique while learning more challenging climbs, poses and transitions. This level is all about developing control, confidence and fluid movement in the air.

AERIAL ADVANCE

For experienced students who are ready to refine their technique and push themselves further. This level focusses on advanced skills, dynamic movement artistry and performance quality helping you become a strong and confident aerialist while continuing to train safely.

AERIAL ADULT STRENGTH AND CONDITIONING

Designed to help you become stronger, fitter and more confident in the air. This class focuses on building the strength, mobility and endurance needed for aerial arts through a combination of

bodyweight exercises, conditioning drills and flexibility training. Suitable for all fitness levels, whether you're looking to improve your aerial skills or simply enjoy a fun full-body workout.

LITTLE EXPLORERS (TODDLER PLAY SESSION)

A fun, imaginative and active session for toddlers, very young children and their grown-ups! Through music, movement, soft play and age-appropriate aerial equipment, little ones can climb, swing, balance and explore in a safe and supportive environment. A wonderful way to encourage confidence, coordination and creativity while spending quality time together.

ADULT BEGINNERS AERIAL

Always wanted to give aerial a go? This is the perfect place to start! Designed for complete beginners, you'll learn the foundations of aerial hoop and silks in a friendly and encouraging environment. Build strength, improve flexibility and discover what your body is capable of. No previous experience or fitness level required.

MOTHER & BABY: BOND THROUGH MOVEMENT

A gentle, nurturing class designed to support both you and your baby during those precious early months. Led by a qualified therapist, these sessions focus on strengthening the bond between you and your little one through gentle movement, sensory play and responsive interaction. Alongside opportunities to support your baby's development, you'll find a warm, welcoming space where you can meet other new mums, share experiences and simply take a moment to breathe. There is no pressure, no judgement and no expectation—just a supportive community where both you and your baby can feel safe, connected and valued. Whether you're looking to build confidence in your new role, encourage your baby's curiosity through sensory experiences or simply enjoy quality time together, these sessions are all about connection, wellbeing and belonging.

AERIAL OPEN TRAINING

A self-led training space for aerialists of all levels to practice and develop their skills at their own pace. These sessions provide access to equipment in a safe, supportive environment, with the freedom to explore silks, hoop and other aerial apparatus independently. Whether you're refining technique, working on strength and conditioning, or simply enjoying time in the air, open training offers the flexibility to focus on your own goals while training alongside a like-minded community. Ideal for those with some prior aerial experience who are confident working without structured instruction.
